BULBS

1946

Sec. 562 P. L. & R.

This Is Your 1946 Price List

THRIP CONTROL

To kill thrips on bulbs soak six to eight hours in Lysol solution—three teaspoons Lysol to one gallon of water.

Tarter Emetic spray solution. One oz. Tarter Emetic, 4 oz. sugar or syrup to three gallons of water. Sugar or syrup is used to make the spray stick to the glads. Spray every week or after each rain. Thrlps are usually unnoticed until buds are ready to open so watch closely as spikes grow.

VISIT OUR GARDENS

We are located one and one-half miles S. E. of the Waterloo City limits on Highway 218.

You are always welcome to visit our gardens. Come any time — in the spring when tulips, iris, and peonies are in bloom; later from July 15 to frost, we have acres of gladiolus and dahlias blooming.

The best way to select new varieties for your garden is to see them growing. We also have many perennial and annual plants which are very interesting. You are under no obligation to buy.

We also do a complete florist business during the summer season, furnishing flowers for any occasion—wedding, funeral designs, and so on.

JUST BETWEEN OURSELVES

Our son Lt. Robert Moss is home after service in France and Germany and will enroll at Cornell College, Mount Vernon, Iowa. Sgt. Bill Moss, our second son is still in service in Germany as a laboratory technician in the 124th Evacuation Hospital. We hope he will be home by spring.

Naturally we are pleased and happy that our boys are home or will be soon and that the war is over. We feel that all will have more time and inclination to grow flowers, travel and partake of the finer things of life. Many more are financially able to do and have things denied them during war time. Flowers have a place in our lives that nothing else can fill and the satisfaction of growing themselves cannot be over estimated.

12 CENTS

DAHLIAS

GROW MORE OF THESE GORGEOUS FLOWERS. It's easy with Our strong roots. Plant after danger of frost.

For good measure we will include a Mrs. Geo. Le Boutellier dahlia tuber, a huge red decorative.

ALL ABOVE SENT PREPAID FOR ONLY \$6.50

FLOWER SEEDS

We carry Mandville Flower seeds and have the latest in varieties and new colors. There are also vines from seeds, gourds, etc. Send us your wants.

PLEASE NOTE CAREFULLY

We take care in sending out only clean bulbs. They are not treated in any way. Our cool storage kills thrips and we have never found them on our bulbs. But thrips and disease are so prevalent in most places, especially in towns, that infection is almost certain unless precautions are taken by the grower. For these reasons we cannot assume any responsibility for the growth or crop from our bulbs. We will however return your money for any bulbs you do not find satisfactory in every way when you receive them.
